Dear Mr. Gaivin,

I would like to thank you for the teaching support that you have provided to Dr. Chris Muller for the past several years in our Hospitality Facilities, Planning, and Design course at the Rosen College of Hospitality Management. You were very instrumental in shaping this class into one of the most beneficial course offerings in our Restaurant & Foodservice Management curriculum. This was reflected through positive student feedback, the quality of class design projects, and high class enrollment.

You have made a significant contribution to the education of many of our Rosen College students by sharing your education, knowledge, and experience in food service facilities layout and design. It is great to see the tremendous progress that these students make from day one of this class to the design projects that they present at the end of the semester. I am most impressed with the passion you have demonstrated toward your profession and your commitment to the learning experiences of these young people. This is apparent by the fact that you have volunteered so much of your time and effort to the education of these students.

Once again, thank you so much for your service to the Rosen College of Hospitality Management and our students.

Sincerely,

A handwritten signature in black ink that reads 'Joe C. Hutchinson'.
