

January 2002 Galvin Design Group became a member of the Themed Entertainment Association (TEA). GDG is one of only two professional foodservice design consultants that belong to this organization. TEA is an international alliance of the world's most talented and experienced professionals in the themed entertainment industry.

TEA's members have played key roles in the development and production of nearly all of the most successful theme parks, entertainment centers, museums, casinos, themed hotels, themed restaurants, and themed retail stores on the planet.
